Dumbartonshire News: Any bright ideas?

(main ed)

PEOPLE in West Dumbartonshire are being urged to identify public structures in need of a makeover.

The Brighten Scotland competition is seeking structures which could do with being brightened up.

Anything from worn outdoor play equipment, street furniture or railings to a weary piece of public art could be in with a chance of being both protected and improved.

Suggestions must be submitted at www.brightenscotland.co.uk before November 30.
